

Hillarys School Excursion: Fishy Features

Phase of learning

Years 5 - 6, Years 7 - 8, Years 9 - 10

WA Curriculum

K-10 Science

Region

West Coast

Summary

You can tell a lot about a fish by its external anatomy (the way it looks) - such as where it lives, how it feeds, and how it moves through the water.

Students will examine the external features of a variety of fish species, learning about their adaptations for life in the marine environment.

Cost \$5.00 per student
